## < Instructions >

- (1) This survey is anonymous. Since all the responses are processed statistically, each individual's response will never be made public or used for any purpose other than that of this survey.
- (2) The respondent answers the questions either by circling the number next to the correct answer(s) (1, 2, 3, ...) or by writing a response concretely.
- (3) Please answer the questions in the order presented, starting with Q1.
- (4) Basically you should provide one answer to each question. But to some question, you should provide multiple answers. In that case, we append these questions to following comment. (Please circle all that apply.)
- (5) Some questions are intended to be answered by some but not all respondents. For these questions, please follow the relevant instructions. The other questions without such an instruction are to be answered by all respondents.
- (6) Please mail the completed survey questionnaire in the provided return envelope (no stamp necessary) by June 13 (Monday).
